

## **Messages Shared from NENY PGA Junior Families**

I was so saddened when I heard about Doug's passing. I still think about all the memories of those tournaments that Stephanie participated in and all the laughs we had. What a terrific guy he was and I'm sure you will miss him after all these years of working together. Life throws us some tough curve balls that we have to deal with and try to understand. I think that both you and Doug were an inspiration for Stephanie in pursuing her career in golf and for that we are very grateful. Many lessons are learned on the golf course. You influence a lot of lives in a very positive way. I would like to send his family a note if you would happen to know the address. I want them to know how much of an influence Doug had in young kids lives. I'll never forget Stephanie telling Doug she wanted his job at a very young age. We both laughed about it. Rest in peace Doug. You will never be forgotten. God bless.

I'm so sorry to hear about Doug's passing. He was one of the absolute best-so sad. Both of you were so amazing to Clarkie when he was going through his grind. Doug was an absolute game changer and we will never forget the impact he made.

We were all just heartbroken to hear about Doug's sudden passing. Please know you and the entire staff at NENY PGA have been on our mind and in our prayers. Doug was a lovely, lovely man who I always enjoyed chatting with when dropping or picking up my fellas. Most recently, his kind words about Nick's golf game the last time I saw him at the junior Championships. He was a treasure.

## Messages Shared from NENY PGA Junior Families of Doug Evan's Impact

We are shocked and saddened to hear about Doug. Will would like to know if there is anything we can do on behalf of the junior side to honor or remember Doug. I know Will has gotten so much out of NENY Junior PGA over the years and we would be happy to help in any way we can.

Please accept my condolences to you and all the staff at the Section Office in regards to the passing of Doug. I was extremely sad to hear of this, as was everyone else in the golfing community. I took time to read many people's reflections on Doug's life and the relationships he had with them. It became apparent that Doug was a special person in many people's lives. I believe I can speak on behalf of most of the young men and now men who played on the area's Junior Tour; when I say that Doug has left a lasting positive impact on all of us. I think we can all reflect back on how lucky we were to know Doug Evans and be able to spend the time that we did, with such a selfless individual.

We are shocked and saddened to learn of Doug's passing. He was such a nice guy, and did a fantastic job with all of the junior tournaments. He always had time for a little chat, and words of encouragement for Ben. I recall one of Ben's first tournaments, when he was disappointed with his performance, and Doug smiled at him and said: "hey, top 10 finish!". I know that the kids looked up to and respected him, even when he had bad news for them when it came to playing by the rules. However brief his presence with them was, he made a difference in their lives. We will miss him.

Our condolences go out to you and his family, on and off the golf course.

Dannah is making more ribbons and we can drop them for your next events as well. I have had a lot of requests from the suburban coaches for more of them to honor Doug
